## Peak Mastery Supervisor Interview: Learn How to Excel

This interview will help you learn what your supervisor expects from you. You discover what on-the-job excellence means.

You'll be set for pay increases and possible promotion.

Approach your supervisor and explain that you want to learn more about your job. Simply telling your boss you want to learn about how to do better will work in your favor. Ask when you can spend 20 or 30 minutes to discuss the following questions.

During the interview, remember to:

- Maintain eye contact, listen, and pay attention
- Take notes and write your discoveries below
- Ask more questions if you don't understand something
- Don't argue or challenge their authority
- Shake hands and thank your supervisor for their time
