PEAK DISCOVERY presents the reality of the adult world by guiding you to discover the path to a reasonable and successful lifestyle. You'll create a detailed budget for all the major expenses in a normal life, take a quick survey to identify your preferred job and career options, compare the earning power of those jobs to your lifestyle budget, and discover how your education and personal choices will qualify you for those jobs. The purpose of this is to help you create a plan for a successful future, so you can see how your choices today will impact that future.

*You are mandated by the Court to complete PEAK DISCOVERY – but this is also an opportunity to use a fun, interactive program to design the life you want. Make the most of the opportunity.*
